Ways to pay

Coins, cards, taps and clicks: it is all real money.

Name _____ Class _____ Date _____ Score: / 27

I can...

- [ ] I can name different ways to pay.
- [ ] I can explain that paying by card or phone uses real money.
- [ ] I can explain why a PIN must be kept secret.

Key words

Cash: coins and notes.

Debit card: a bank card that pays with money from a bank account.

Contactless: paying by tapping a card or phone on a card reader.

PIN: a secret number that unlocks a bank card.

Online: on the internet.

1 Match the way to pay

5 points

Draw a line from each way to pay to what you do.

Cash	Hand over coins and notes
Contactless card	Type the card details into a website
Chip and PIN	Tap the card on the reader
Phone	Hold a phone near the reader
Online	Put the card in and type a secret number

2 True or false?

4 points

Circle True or False.

When you tap a card, real money leaves a bank account.	True	False
A debit card has endless money on it.	True	False
Only pay online if the card's owner says yes.	True	False
It is fine to tell your friends your PIN.	True	False

3 Cash or no cash?

6 points

Noor and her dad go shopping on Saturday. Write each one in the right box.

- Holding a phone near the reader
- Buying on a website
- Counting out coins
- Dropping 50p in a charity tin
- Tapping a card
- Handing over a £5 note

Paying with cash	Paying without cash

4 Read the receipt

3 points

Dad buys Noor a book and a pencil. Use the receipt to answer the questions.

Penny says: Tap, click or coins: it is all real money. When it is gone, it is gone!

Corner Bookshop	Receipt
Book: £3	
Pencil: £1	
Total: £4	
Paid by: contactless card	
Card payment: £4 taken from your bank account. Thank you!	

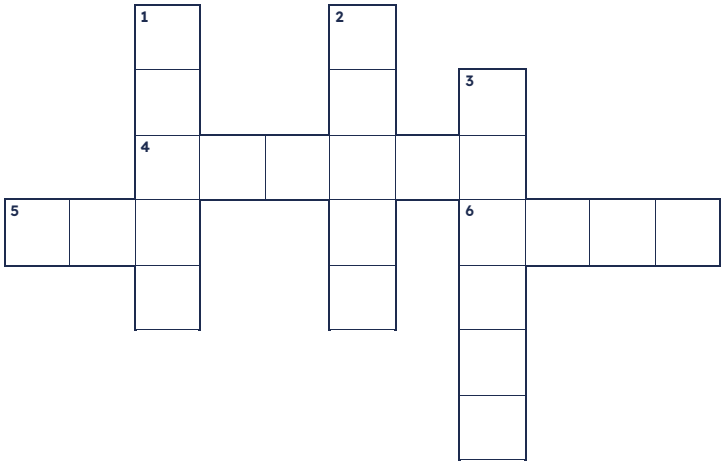
a) How did Dad pay? 1 mark

b) Dad had £20 in his bank account before he paid. How much is in it now? 2 marks

5 Crossword

6 points

Use the clues to fill in the grid.



Across

4. On the internet (6)

5. The secret number for a bank card (3)

6. Coins and notes (4)

Down

1. You can call, text and even pay with this (5)

2. Metal money, like 10p and £1 (5)

3. Something you do not tell other people (6)

6 What would you do?

3 points

Noor has her own pocket money card. A grown-up helped her set it up. It has **£8** on it and a secret PIN. At school her friend Ivy says, "Tell me your PIN. I promise I will keep it secret!"

a) What would you do if you were Noor? Why? 2 marks

b) Noor taps her card to buy a £3 comic. How much is left on it? 1 mark

7 Before you go

One thing I learned today	One question I still have	How sure do I feel?
		Not yet · Getting there · Got it

Take it home

Next time you are in a shop, watch how people pay. Count how many use **cash** and how many use a **card or phone**.
